The Application to Enrol in a NSW Government School (2nd edition) requires the applicant to declare the information provided is correct. It also makes it clear the provision of false information can result in the enrolment being reversed. Any decision to reverse an enrolment needs to take into account the specific circumstances of the matter. This includes determining if the student was an 'out of area enrolment' and whether acceptance of the enrolment application has resulted in the student gaining entry at the expense of other prospective students who may be on a waiting list. Any decision to reverse an enrolment in these circumstances should only be made with the approval of the relevant Executive Director.

If a person provides materially false or misleading information to a school when making an application for enrolment, this is an offence which has a penalty of up to 2 years imprisonment, \$22,000 fine or both – Section 307B of the Crimes Act 1900. If a person provides a statutory declaration he or she knows to be false, for the purpose of gaining entry to a school, he or she commits an offence which has a maximum penalty of 7 years imprisonment – Section 25A of the Oaths Act 1900.
